

Asheville Police Department
Inter-Office Memorandum

To: William Anderson
Chief of Police

Cc: Captain Tim Splain
Administrative Division

From: Lt. Jamee Crawford
S/C District Commander

On February 12th, 2013 I conducted an audit/inspection of the Asheville Police Department Property Room which is currently being used for processing and storage of evidence and property. A random sample of 150 items was generated by Asheville Police Department Crime Analyst Ed Eads and provided for my use in item selection. A total of 75 sensitive items (cash, jewelry, guns and drugs) and 75 non sensitive items were examined. Each item was retrieved by Asheville Police Department Property Control personnel and presented for inspection. The inspection included opening of 15 sensitive items and 15 non-sensitive items. An additional 5 non sensitive items were opened and inspected along with an additional 5 sensitive items opened and inspected. The packages were re-sealed and/or labeled with the audit date and initialed by inspecting personnel. All remaining items were verified for accountability only and not opened. A log sheet of items inspected was maintained and a copy is also attached. In instances where property was released to the owner or other agency or destroyed, a disposition was noted on the log sheet and documentation indicating that item status has been included as an attachment.

Assisting with the inspection/verification of items:

Lt. Jamee Crawford
A/Lt Geoffrey Rollins
Senior Police Officer Chris Eby

Property Control assisting with retrieval/selection:

Senior Police Officer Lynn Wilson
Senior Police Officer Phil Murfin

All property included in the random selection was intact and accounted for with the following variances or exceptions.

NONE NOTED

Alarm testing and scale calibration/certification documentation is also attached.

A handwritten signature in black ink, appearing to read "Lt. Jamee Crawford", is written over a horizontal line.

Lt. Jamee Crawford
S/C District Commander
February 19, 2013
